DAYLIGHT SAVING AGITATION

There seems to be a widespread demand on the part of many Floridians for daylight saving time.

They argue that it would be much better to begin work an hour earlier in order to quit earlier and have the additional time at the end of the day for daylight recreation.

With the days growing longer, the extra hour would be welcomed by many different groups of employees. Instead of quitting work at what is now 6 p. m., they would quit at 5 and still have two hours, or more, of daylight in which to play golf, go swimming or fishing, putter around the yard or engage in other recreations of their choice.

Some individuals opposed to daylight saving time or indifferent about it say they wouldn't get to bed any earlier and others say it would cause them to miss some of their favorite radio programs.

Agitation for daylight saving was begun at a meeting held recently at Ocala. If the schedule was adopted, it would have to be statewide in order to avoid confusion.

—Lakeland Ledger.

THE MAILS TO DELUDE

Somebody who obviously was an able philosopher observed long ago that three of the strangest things in the world are the way of a serpent on a rock, the way of a ship in the breeze and the way of a maid with a man.

Lakeland postoffice officials have reported another phenomenon which may well be added to the philosopher's list. Chain postal cards relating to endless prayers and handkerchief clubs are being shovelered upon the local office in increasing numbers. Officials are plucking as many as 50 cards a day from the mails. Said one of the clerks:

"This is a prayer of safety. This prayer must go all over the world. As soon as you get this card, copy and send to 13 other persons and on the 13th day you will receive \$86. One woman made fun of this card and on the 13th day her daughter went blind. Pay attention to this card."

The unsuspicious postoffice department has announced that any person mailing such stuff is subject to a fine of not more than \$5,000 or imprisonment for not more than five years, or both.

Such cards may fall into the hands of persons as misguided as the senders and frighten the daylight out of them. The whole scheme is a primitive play upon superstition and generates a false security.

It is comparable to consulting a dream book for a holla number. Man creates a world of illusion which he cannot get by practical application.—Lakeland Ledger.

Sunday morning, where the pastor, a member of the rite, gave a outstanding address.

During the Sunday afternoon ceremonies, in behalf of Lake Worth consistory, illustrious Brother, John Wells, of West Palm Beach, who had been knighted a member of the 33rd degree at Washington, in September, was presented with a beautiful jewel appropriate to his rank in the rite. The presentation was made by Grand Commander James Dunn.

Those making the trip from Lakeland consistory were: Illustrous Brothers Hal Young, Russell Williams, Chester Wright, John McKinnick, John R. Wells and others of various ranks, Fred Webster, W. L. Cox, Wood Newby, Wm. Zender, Riley Earnes, Gerhard Kelstrup, Charles Dietrich, Wm. Horpes, Wm. Price, John L. Price, William Honner, Irvin Heagman, and John M. Gledhill, of Pahokee.

The newly organized Orient Association adopted its new set of rules and regulations, and named James Dunn, as president; Hal Young, vice-president; and Frank O'Berry, as secretary-treasurer. The next Orient convention will be held in Miami in May of 1941.

One of the Saturday entertainment features was a trip to the Masonic Home at St. Petersburg, which was enjoyed by all. The grounds and interior of the home were never in better condition. The home rooms have been most completely and beautifully furnished by the labor and donations of the Eastern Stars of Florida, and this home is indeed a worthy monument to the Masons and Stars of Florida.

POPPY DAY SALE SUCCESS

The Ladies Auxiliary of the Manfield Post, American Legion, held its annual "Poppy" sale, and found ready purchasers of those annual reminders of the boys who lost their lives in and as the result of the World's war. In the poster contest among the school pupils, winners were announced as follows: first, Harry Edwards; second, Dorothy Sullivan; third, Fred Hagaman; honorable mention, John Lewis and Grace Webb. Each winner received a monetary reward for their posters.

LAKE HARBOR TOMATOES

The Lake Harbor packing houses have closed for the season's shipping of beans, and the lines are now converted for handling the tomato crop now coming into market. The prospect for the May tomato crop is very satisfactory, with indications of favorable prices. Tomatoes are very late this season, as replanting had to be made after the freeze and hail storm, but the plants now appear strong and healthy and well loaded with fruit.

FOUL PLAY ALLEGED

A covetous jury in Judge Hubbell's court at Belle Glade, in the case of John Evans, at first brought in a verdict of accidental death, but re-opened the case when new evidence was uncovered. As a result of this turn, one Harvey Baker, of Lake Harbor, is in jail and seven others held as material witnesses. It is now claimed that Evans was the victim of a vicious assault, and then placed in his car and the vehicle pushed in the canal at Vinegar bend, where his dead body was found.

TAKEN TO HOSPITAL

Jerry Bolton, young South Bay boy, had the misfortune to get a piece of sugar cane caught in his throat, and he was taken to the Good Samaritan hospital at West Palm Beach to have the obstruction removed.

DIVORCE REMARK

Announcement is made of the re-marriage of Dr. W. C. Young and Mrs. Evelyn Young of Canal Point. They will again make their home at their residence in Port Mayaca.

BACK FROM TOLEDO

The Land Owners Committee of the Everglades Drainage District of Palm Beach county, returned home from Toledo, where it had gone to have conference with the Rurick syndicate, who holds \$19,000,000 of bonds accumulated interest claims, and while it secured no definite action, the members came home much encouraged that a satisfactory solution of the district's financial affairs will be worked out.

Scottish Rites Gather In Tampa

The Orient reunion of the Scottish Rite consistory of Key West, Miami, Lake Worth, and Tampa, at the Tampa Cathedral Saturday and Sunday, was the largest attended and the best reunion held in the past six years. A half hundred members from 46th Florida had a chartered coach over the Seaboard for the trip. The Tampa fraters certainly set a high mark for hospitality and entertainment and next year, when Miami entertains the group, they will need to do some tall hustling to compare.

The visitors saw the 28th degree conferred by the Tampa boys, and it was a decided treat, as this Degree of the Sun, in consistory grades, is seldom worn. The Advisory committee of thirteen, of the Tampa Denoddy chapter, conferred an impressive Masonic skill, and the Chapter conferred its entire ritualistic ceremonies in a highly complimentary manner.

On Sunday afternoon, the officials staff of the Knights Commanders of the Court of Honor, conferred in a most dignified manner, the ceremonies of investiture and presentation of jewels, for seven men who had been elected to be members of that high circle by the Supreme Council.

James Dunn, Grand Commander, was in charge of this ceremony and also gave a most remarkable address "The Meaning of America." The men of the rite who were given the "red cap" honor were: "B. H. Blakey, F. S. Pendergraft, John M. Rousey of Miami; John C. Park, Key West; Henry Giddens, Jr., George Taylor, Tampa; and S. C. Minshel of St. Petersburg. A delegation of 200 members attended divine services at the First Presbyterian church on

Mr. Green has lived here for five years, having moved here from Cleveland. He graduated from Pahokee high school in 1923 and from the University of Florida in 1929. Mr. and Mrs. Harold Reidel left Monday for a visit with relatives in Detroit, Mich. They will be accompanied by Mrs. Reidel.

THANKS FOR YOUR CO-OPERATION

Although I did not seek re-election as a member of the city council in Pahokee, I desire to thank the citizens of Pahokee for the splendid co-operation during my term.

And, to the members of the present council I extend best wishes and assure them that whatever I can do as a private citizen to make their tenure of office a complete success, I will do.

V. L. GEIGER

My Appreciation

I consider elections as friendly and neighborly contests in which citizens express their preference in the selection of officials.

I am conscious of the trust reposed in me at the hands of the voters and shall not violate that trust.

During the coming two years I shall strive even harder than in the past to make Pahokee and surrounding community a better place in which to live.

Bean Shipments In—

Escrow will be planted in this crop. Escrow also did well. Bob Creech also farmed 150 acres at the Brown's farm this year, and established that chili-ry could be profitably raised there. Tomato and pepper crops also produced well there this year.

The cabbage season has been a very successful one for the Glades. Last year, and now that marketers have found that a fine appearing and quality cabbage can be secured in the Glades, it is being planted in large acreage for the fall, spring and summer seasons.

Freight shipments showed a big decline this week as but 313 cars of produce were moved over the Florida East Coast system. Beans rated 215 cars, cabbage 20, celery 49, escrow 13, mixed 4, tomatoes 2; the latter being the first shipment from Canal Point.

Five Runoffs Will—

Savage, who got 1,324 and C. M. Todd, 1,755.

In three county commission contests all incumbents were re-elected. In district 2, West Palm Beach, Cecil Cornelius defeated Ellis Cusworth by a vote of 5,188 to 2,263; in district 3, Lake Worth, Estelma, Eapton, a 9-Brown's Farm, Commissioner John Prince of Lake Worth defeated G. T. Jablonski former city commissioner of Lake Worth by a vote of 2,948 to 922, and in district 4, Delray Beach and Boca Raton, Commissioner C. V. Byrd got 346 votes as compared to 235 for Ben F. Bundy, Delray Beach, and 194 for B. B. Raulerson, Boca Raton. Byrd's majority makes it unnecessary for him to enter the May 28 primary.

Boy Is "Sold" By Routes For A Million

Honolulu, May 9. (FNS)—Leave it to a Hawaiian to concoct a novel idea for profitable entertainment.

At a meeting of the local club this week, a Honolulu youth was placed on the auction block and sold for a cool million dollars. To illustrate the value of young people in the community. No money changed hands, however. Don Dene, was the youngster "sold" and bidders represented forces with which the community's youth must contend. Bidding started at \$10,000 and rose to \$750,000 when the force of "good" patted strength, with the force of "evil" and the boy was eventually sold for the million dollars.

LEHMAN LEE IN PAHOKEE

Lehman Lee, who about a year ago went to West Palm Beach, to follow his butcher trade, has returned to Pahokee and has assumed the management of the meat market of the Puckett store. J. C. Holloway, of South Bay, has taken over the grocery management of the same store, while Ralph Mackey goes back to his former position in the Puckett store at South Bay. Pahokee friends will be pleased to welcome Lee back into their midst again. How those fish in Lake Okechobee and "Pahokee creek" can possibly get away from Lee's fishing process is a question, for he is a skilled fisherman and always comes home with a sizeable string.

ROAD IMPROVED

"State" Road Commissioner Brooks Dutton has made the announcement that the Range line road, leading from Road 25 to the south, will be improved during the coming summer, and that bids for construction will soon be requested. This will open up good highway connectors for a fine new farming territory in the Lake Worth Drainage district.
